EL SAYED MAHMOUD

Front-End web Developer | Figma to code

elsayedmahmoued3@gmail.com • 01094438475 • Nasr City, Cairo • github.com/elsayedmahmoued3-ship-it

SUMMARY

Dedicated and detail-oriented Front-End Web Development trainee with a solid foundation in modern web design and interface development. Experienced in building responsive, cross-browser compatible web pages using HTML5, CSS3, Bootstrap5,and JavaScript. Currently advancing practical skills at NTI - Creativa Innovation Hubs. Strong background in analytical problem-solving and systematic workflows, eager to apply practical coding capabilities in a professional Web Design internship.

TECHNICAL TRAINING

National Telecommunication Institute (NTI) – Creativa Innovation Hub 2026 – Present

Front-End Web Development & Web Design Trainee

- Acquiring intensive hands-on training in responsive web development and modern UI design practices.
- Building structured, semantic web layouts using **HTML5** and styling dynamic interfaces with modern **CSS3 (Flexbox & Grid)**.
- Implementing client-side interactivity, DOM manipulation, and dynamic features utilizing **JavaScript (ES6+)**.
- Managing source code, version control workflows, and page deployments via **Git** and **GitHub**.

PROJECTS

GitHub Repositories

- Technologies: HTML5, CSS3, JavaScript (ES6+), Bootstrap 5, Git/GitHub Pages
- Developed a multi-page e-commerce store for home furniture that is fully responsive across various screen sizes; features include interactive product filtering and a dynamic shopping cart displayed in a side panel.
- Wrote modular JavaScript code to manipulate DOM elements and build structured, interactive components

- • Developed responsive web page templates adhering to clean code standards and mobile-first principles.
- • Applied interactive UI elements and responsive navigation components using JavaScript and Flexbox.
- • Deployed live prototypes and managed regular commits using Git for efficient version tracking.

TECHNICAL & SOFT SKILLS

2023 – Present

Web Technologies:	HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Flexbox, UI Layouts
Tools & Workflow:	Git, GitHub, GitHub Pages, VS Code, Browser DevTools
Productivity:	Microsoft Office Suite, Technical Documentation, Data Entry
Professional Skills:	Problem Solving, Analytical Thinking, Fast Learner, Team Collaboration, Time Management

2024

EDUCATION

Al-Azhar University, Cairo, Egypt

Laboratory Assistant

Bachelor of Science – Chemistry Department

GeneralSecondaryCertificate(HighSchool)

OTHER PRACTICAL EXPERIENCE

Beri Lab for Chemical & Medical Analysis

- Demonstrated high precision, strict adherence to analytical protocols, data recording, and equipment management.
